

About Employee Navigator

Employee Navigator is a rapidly growing benefits and HR software provider integrated with over 200+ of the nation's leading insurance carriers, payroll companies, and TPAs. The platform delivers brokers and employers a connected digital experience, streamlining the management of everything from online enrollment and onboarding to ACA reporting, time off tracking, and more. The company currently works with more than 3,000 brokers, providing benefits administration and HR products to over 70,000 companies and 12+ million employees and dependents.
